2026 Summer Student Fellowships Available For Bright, Motivated Students

**Undergraduate or first year graduate or medical school
who are Interested in Neuroscience Research**

- Are you in the process of deciding if neuroscience research is to be part of your career plans?**
- Would you like the opportunity to work with and be trained by a well-established, experienced scientist in the field of brain research?**

IES Brain Research Foundation Summer Fellows will receive an award of \$2500 and are expected to spend 10 weeks (full time) in-person during summer 2026, being trained in a first-rate laboratory in the United States.

Applicants should arrange training with and be accepted by a faculty sponsor, who is the head of a first-rate laboratory at: a University, Medical School or Research Institute in the United States.

**If you are interested, see above contact information.
For application, instructions and to read about previous fellowship recipients, go to www.iesBrainResearch.org
The 2026 application must be postmarked by March 15th**
