2027 Summer Student Fellowships Available

For Bright, Motivated Students

Undergraduate or first year graduate or medical school who are interested in Neuroscience Research

- **Are you in the process of deciding if neuroscience research is to be part of your career plans?**
- **Would you like the opportunity to work with and be trained by a well-established, experienced scientist in the field of brain research?**

IES Brain Research Foundation Summer Fellows will receive an award of $3500 and are expected to spend 10 weeks (full time) in-person during summer 2027, being trained in a first-rate laboratory in the United States.

Applicants should arrange training with and be accepted by a faculty sponsor, who is the head of a first-rate laboratory at: a University, Medical School or Research Institute in the United States.

If you are interested, see above contact information.
For application, instructions and to read about previous fellowship recipients, go to www.iesBrainResearch.org
The 2027 application must be postmarked by March 10, 2027
