All proceeds benefit the IES Brain Research Foundation Summer Fellowship Program in Neuroscience to allow bright college and first year grad & med students to be mentored by brilliant neuroscientists in top-notch neuroscience labs, in hope these young scientists will add to the work of the senior scientists towards treatments & cures for brain diseases and conditions, such as: brain cancer, ALS, Alzheimer's, Parkinson's, TBI (like concussion, etc.), stroke, MS, addiction, pain, PTSD, epilepsy, schizophrenia, etc.
