OUR 2006 GALA DINNER, our very interesting guest speaker was Lawrence Altman, MD, Senior Medical Reporter for the New York Times and we heard via video from Nora Volkow, MD, Director of National Institute on Drug Abuse. Two of our very enthusiastic 2006 Student Fellows joined us and shared their exciting summer experiences: Emma Farley, who had worked with Dr. Paul Greengard (Nobel Prize winner), Paul Myoung, who worked with Dr. Mony DeLeon, (who received an award for "World's Pioneer in Alzheimer's Imaging) & Paul's supervisor Dr. Lisa Mosconi, a major investigator at the Center for Brain Health. Quotes from these and more can be seen on the website.

GOLF OUTING 2007 

Our third annual golf outing was held on May 14th at beautiful Lake Mohawk Golf Club. **THE WEATHER WAS SUPERB!** It was lots of fun with delicious food, great silent & live auction items, raffles & prizes. Many enjoyed relaxing chair massage from Jill R. Green Massage & Stroke Away Stress. Ted Jung went on to win the putting contest, after sinking the long putt in the first round! Golfers had a choice whether to play scramble or keep their own score. There were lots of prizes for both. Jay Wulff & Art Eddy from Clear Channel 103.7 joined us for golf, as well as did a great job & were a lot of fun as our auctioneers. We heard a few words from the Foundation's inspiration, Dr. Eric Simon, from one of our Board Members & enthusiastic supporters, Dr. Kenneth Bonnet & from a local parent, Gail Morris, who joined us with her son Alex. Gail shared their personal story & why this research we want to support is so important!!!

Thank you to everyone who participated or helped in any way!!!!
